

Subject:

i-Honda-R DICE iPod Integration Kit for Honda/Acura, Radio Interface Kit.

Models Supported:

**Honda**

Model	Year	Part Number	Known Limitations*	Compatible Radio Systems
Accord	98-02	i-Honda-R2	1	
Accord	03-06	i-Honda-R3	2, 3	
Civic	98-05	i-Honda-R2	1	
Civic	06	i-Honda-R3	2	
CRV	99-04	i-Honda-R2	1	
CRV	05-06	i-Honda-R3	1	
Element	03-06	i-Honda-R3	4	
Insight	00-03	i-Honda-R2		
Odyssey	98-04	i-Honda-R2	1, 5, 6	
Odyssey	05-06	i-Honda-R3	2, 3	
Pilot	03-05	i-Honda-R2	1, 5, 6	
Pilot	06	i-Honda-R3	2, 3	
Prelude	98-02	i-Honda-R2		
S2000	00-03	i-Honda-R2	2	
S2000	04-05	i-Honda-R3	2	
Ridgeline	06	i-Honda-R3	2,3	

- \* 1 - Not for in-dash 6CD system
- 2 - Factory XM/Sirius disabled if present
- 3 - Factory navigation requires special wiring harness made by installer
- 4 - Subwoofer equipped models require custom harness
- 5 - Not compatible with navigation systems
- 6 - Not for rear seat DVD entertainment

**Acura**

Model	Year	Part Number	Known Limitations*	Compatible Radio Systems
CL 3.0/3.2	99-03	i-Honda-R2		All
Integra	98-01	i-Honda-R2		All
MDX	01-05	i-Honda-R2	2	All
RSX	04-05	i-Honda-R3	1	Single CD only
TL 2.5/3.2	98-03	i-Honda-R3	2	No Navigation
TSX	04-05	i-Honda-R3	3	No navigation

- \* 1 - Not for in dash 6CD system
- 2 - Not compatible with factory navigation system
- 3 - Factory navigation requires custom harness

Recommended Installation Time:

All models - Approximately 60 mins

Parts Information:

Kit Contents:

1. DICE Module
2. Volkswagen radio interface cable (vehicle specific cable)
3. Docking Cable

*Please verify all parts before installation!*

Basic Wiring Diagram:

## Installation Instructions:

1. Pull vehicle into service bay and access center console.
2. Disconnect both battery terminals. These cables must be disconnected during installation to insure proper initialization of the DICE module when it is connected.

*Make sure you have the vehicle's radio security code before disconnecting the battery cables! Detailed steps for removing the Honda/Acura radio can be found in your factory manual this supplement will ONLY show an outline for radio removal.*

3. Remove any trim that may need to be removed to gain access to the screws/bolts holding the radio in place. On some vehicles, this may require removing the trim around the shifter and removing the coin and cup holders, finally getting to the trim surrounding the radio.

*Note: If you're not comfortable with Step 3, we recommend professional installation.*

4. When the radio screws, bolts can be accessed use the proper tool to remove the screw or bolt. Usually a 10mm socket or Phillips screw driver will be needed.

When the radio is being removed, use care not to damage the dash as the radio case has sharp edges and can easily scratch plastic surfaces. We recommend using a cloth to wrap the radio to prevent this from happening.

5. Find the proper plug on the back of the radio, indicated by the red arrow. If the plug is occupied there may already be a CD changer installed in the vehicle. This needs to be disconnected before the DICE module can be connected.

*Note: Some radios, for example the Honda Accord radio, will have the connector on the bottom of the radio.*

*Its recommended to install your DICE module in a easily accessible location or to extend the AUX connector for future connections of auxiliary devices.*

6. Connect the vehicle specific cable's 8-pin molex connector and iPod Docking Cable to the DICE module. The correct plugs on the DICE module can be identified by matching it up with the connector or by looking for the label on the bottom of the module.

1/8" AUX

Dock Cable

Vehicle Specific Cable

*This will be a good time to test your installation. Before reinstalling your radio, connect your iPod and test for audio, and controls from the radio. If everything is ok, proceed to the next step.*

7. Verify all connections and re-install the radio into the vehicle by sliding it into the tray until it locks into place. Route the docking cable as desired.

*Use caution around the factory wiring while reinstalling your radio. If the radio will not slide into place, do not try to force it in place. Pull the radio back out and check for any cables or other obstructions that may be in the path of the radio.*

The DICE iPod Integration installation is now complete.

Disclaimer:

**This documentation** is provided as an educational guide only and all included content, including written information and images, is as is. No warranty explicit or implied is stated and neither DICE Electronics LLC., nor any of its distributors, dealers or vendors shall be liable for any damages.

Driving is dangerous and requires concentration. Do not allow the DICE iPod Integration Kit to distract you from prevailing traffic conditions. If in doubt, only operate the unit when stationary or ask a passenger to operate it for you.

Do not submerge or expose to water or other fluids. DICE components are NOT water resistant and will be damaged by water. You must properly insulate its casing if your installation environment may subject the unit to water, such as a convertible vehicle.

**Keep away from children !** DICE components may contain small parts, can be broken or disassembled and components may become loose from vibration and heat. Small components and packaging materials may be a choking hazard when handled by children.

Unauthorized reproduction or reverse engineering is strictly prohibited ! Intellectual property included is distributed under specific license agreement with respective vendor(s). No warranty, explicit or implied, is stated and neither DICE Electronics, LLC., nor any of its distributors, dealers or vendors shall be liable for damages. IN NO EVENT SHALL DICE ELECTRONICS' LIABILITY EXCEED THE PRICE PAID FOR THE PRODUCT FROM DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, ITS ACCOMPANYING SOFTWARE, OR ITS DOCUMENTATION. DICE Electronics, LLC. is a trademark. All other products are registered and copyrighted by their respective owners.

**Warranty and Support.**

DICE Electronics products carry a one year limited warranty that protects you from defects in material and workmanship of products sold by DICE Electronics or its authorized agents, distributors and dealers. We do not warrant any installation. If you experience any problems or need help, please contact your DICE Electronics retailer.

**Proof of purchase is required.**

Warranty does not cover normal tear and wear, damages due to negligence, improper installation or operation.
